Look Into Your Eyes

When I was down, and I was on my own

Never thinking 'bout tomorrow

Then you came along, and you sang my song

Now there's no time for sorrow

But when I look into your eyes

The sun shines on me……

Well I look into your eyes

The sun shines on me……again

If I could only, just let you know

The way I feel sometime
C G Am
But it's so hard, to tell what's real
F C G
You I'm only trying
C
But when I look into your eyes
Am G F
The sun shines on me.......
C
Well I look into your eyes
Am G F C
The sun shines on me.......again

(pa'ani)
C G Am Em F C G
C G Am Em F C G

Play chorus
