On the island of the valleys in the early evening sky

The moon rose high above us and shone on you and I

The moon rose high above us and shone on you and I

It's you and me together in this place so heavenly

Mau'i under moonlight, there's no place I'd rather be

Mau'i under moonlight, just for you and me
winds whirl down the mountain
Ha-le-a-ka-lā

It sings a sweet refrain
of lovers deep in love
Pā ka ma-

E-ō mai ko-na le-o o ke a-lo-ha ho-o-he-no

Mau-i under moon-light, the reflections on the sea
Mau-i under

moon-light, Mau-i under moon-light, Mau-i under moon-light,

just for you and me
